

Budget in Brief

FY2027

HOUSTON COUNTY

GEORGIA

COMMISSIONERS

Dan Perdue

Chairman, Board of Commissioners

I am pleased to present the Proposed FY2027 Houston County Budget. With a history of wise, conservative fiscal management, Houston County maintains a healthy financial position while navigating inflationary pressures and serving our growing population. The FY2027 budget was developed through several rounds of deliberations with the County's leadership and ensures alignment with our 2022-2026 Comprehensive Plan and supports long-term fiscal sustainability.

As Chairman of the Houston County Board of Commissioners, I remain focused on the primary functions that local government is best suited to deliver: public safety and infrastructure with maximum efficiency and effectiveness. Rather than broadening our scope, we are committed to excelling at the core services that matter most to our citizens. When our residents call 911, they deserve a rapid response. When they drive our roads, they should be safe and well-maintained. When citizens turn on their water tap, they expect safe, abundant water. This budget continues to reflect that core philosophy.

While no new positions or reclassifications are in this budget, I am recommending fully funding the County's Employee Merit System. This has been the most challenging budget process since I assumed this role. We continue to face growing calls for higher levels of service, even as the overwhelming majority of our citizens express a strong desire to moderate property tax growth. In response to those service demands and significant inflationary pressures, Department Heads, Constitutional Offices, and the Judiciary all increased their budget requests. As a result, we set a target of 2% non-personnel expense growth for all departments and offices. While many requests easily met this goal, some were asked to moderate them to meet this target. In its second year, our floating homestead tax exemption offers predictability and tax relief to homeowners while moderating the County's revenue growth. While the FLOST approved by voters in May has yet to begin collection, it will deliver a meaningful millage rate rollback for both commercial and residential property owners—partial relief on 2027 tax bills, with the full rollback reflected in 2028.

To ensure critical needs are still met, we continue to strategically put our general fund reserves to work on essential capital projects that fall outside our SPLOST plan. The renovation of our records retention warehouse is a prime example—using available resources wisely to close infrastructure gaps and support our community's long-term operational needs.

I am honored to serve alongside my fellow Commissioners, who bring unique experiences and perspectives to their service. Our Board continues to demonstrate remarkable cooperation, transparency, and integrity in all our deliberations. Each Commissioner shows genuine dedication to understanding complex issues and reaching thoughtful conclusions that serve our community's best interests. Their care for this community and the collaborative spirit they bring make serving all of Houston County a shared calling rather than a burden. I am also especially grateful to Director of Administration Robbie Dunbar, Chief Financial Officer Danyelle George, and Director of MIS Will Davis, whose diligence and long hours brought this budget together. The people of Houston County remain at the forefront of all our decision-making. I look forward to another year of serving Houston County alongside our Commissioners and our outstanding employees to help ensure that Houston County remains the best county in our great state to live, work, worship, raise a family, and enjoy all that life has to offer.

Sincerely,

A handwritten signature in blue ink that reads "Dan Perdue". The signature is fluid and cursive, with a prominent "D" and "P".

Dan Perdue, Chairman, Houston County
Board of Commissioners

COMMISSIONERS

Shane Gottwals Post 2

Shane Gottwals's work assignments include developing and maintaining appropriate personnel policies and fringe benefits for county employees. He is liaison for the City of Centerville. Other departmental assignments include the Houston County Library Board, the State Court and support departments, and the Superior Court Clerk's Office.

Gail Robinson Post 3

Post 3 Commissioner Gail Robinson is liaison to the Juvenile and Magistrate Courts and supporting departments. Commissioner Robinson also works closely with the Sheriff's Department, the E-911 services, the Fire Department, the Houston Emergency Management Agency, Purchasing, and serves on the Animal Control Board.

Tal Talton Post 4

Tal Talton's department work assignments include the Board of Elections, Public Works, and the Probate Court. Commissioner Talton is also responsible for working with the Tax Commissioner, Computer services, and the Building Inspection and Zoning. He is liaison for the City of Perry.

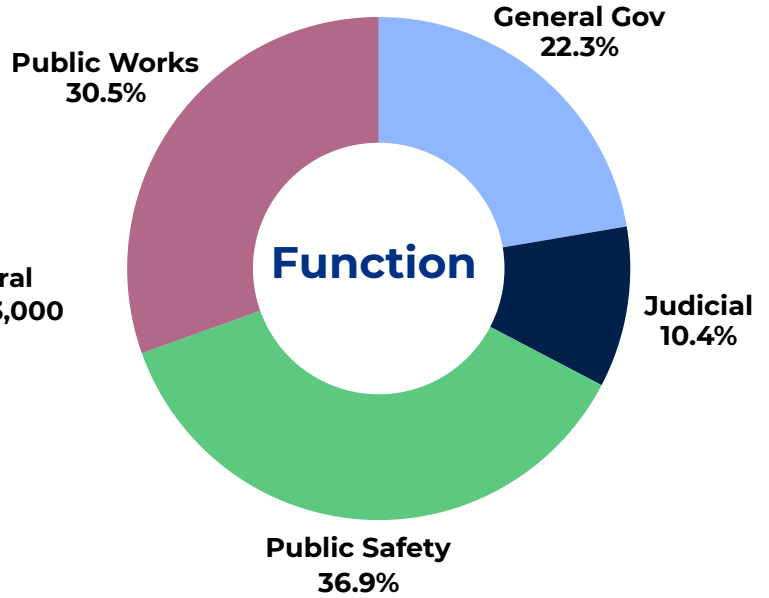

Mark Byrd Post 5

Post 5 Commissioner Mark Byrd is responsible for reviewing and developing appropriate fiscal policy. Issues affecting the operations of the county's Landfill, the Tax Assessor's office, Superior Court, District Attorney, and the Water system also come under his purview. He is liaison for the City of Warner Robins and the Board of Education.

What is a tax cap?

Since 1982, Houston County Government has operated under a tax cap. This means that if the value of all properties that are taxed in Houston County (otherwise known as the tax digest) increases too rapidly, the Board of Commissioners is forced to reduce the millage rate. This occurred in 2022 after property values in Houston County began to rise rapidly. That year, the tax cap forced a reduction in the County's millage rate from 9.935 to 9.81.

Our Response:

For FY2027, the Board of Commissioners continued its focus on responsible budgeting, conservative revenue estimates, and maintaining one of the lowest county millage rates in Georgia. The proposed budget balances rising service demands, inflation, capital needs, and continued population growth while working to limit the impact on taxpayers.

The County also continues to recognize the benefit of Georgia's Floating Homestead Exemption, which provides additional protection for eligible homeowners by limiting taxable value growth tied to inflation.

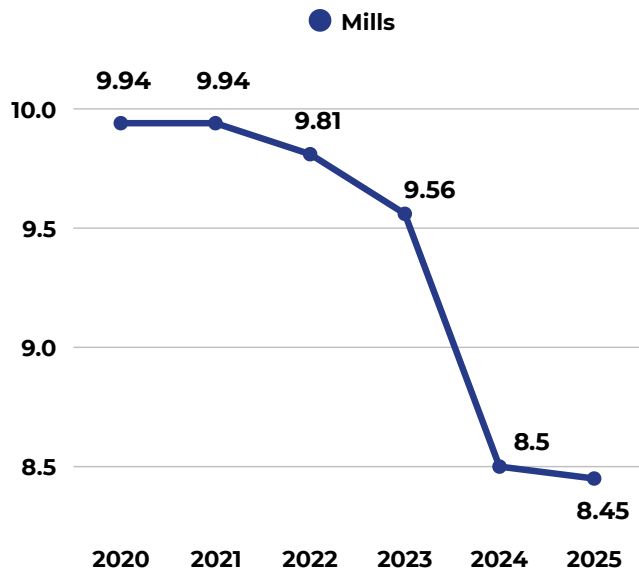

Your Tax "Dollar"

- Culture and Recreation (3%)
- Highways and Streets (11%)
- Health & Welfare (1%)
- Judicial (17%)
- Public Safety (49%)
- General Government (20%)

One mill results in one dollar of tax for every thousand dollars of assessed value. The chart above shows how that "dollar" is spread out to provide services for the citizens of Houston County.

Youth Work-Training	-	5,000,000	-	-	

Notable decreases/increases include:

A significant decrease in Emergency Management. This decrease is due to allocation of assigned fund balance for the design and construction of an Emergency Management storage facility and warehouse capital project that was included in the FY26 budget.

Significant decrease in SRO Westfield is due to a non-recurring capital purchase of a vehicle in the FY26 budget.

To fund merit raises for our employees, this budget also reflects targeted reductions across departments. Investing in the people who deliver our services every day remains a core priority, and these choices reflect that commitment.

Expenditures by Department

Department	FY2026	FY2027	% Change
Fire Department	5,832,196	7,129,924	22%

Notable decreases/increases include:

The FY2027 Fire Fund reflects a 22% increase as Houston County has moved to 24/7 fire coverage throughout the county. This increase is the direct result of the fire millage rate adjustment approved to strengthen fire protection services, improve response capabilities, and provide more consistent coverage for residents and businesses.

The additional funding supports the staffing, operations, equipment, and service expansion needed to transition from a historically limited coverage model toward a more reliable countywide fire service structure. This investment was largely supported by citizens who recognized the importance of improving emergency response and ensuring that Houston County’s fire protection keeps pace with continued growth.

Expenditures by Department

Department	FY2026	FY2027	% Change
Stormwater Drainage	35,000	40,000	13%
Water	12,268,706	25,723,020	109%

Notable decreases/increases include:

The FY2027 Water & Revenue Fund reflects a 121% increase in total expenditures, primarily due to planned capital outlay for major water and sewer infrastructure needs. While operating revenues remain relatively stable at approximately \$12.1 million, the proposed budget includes over \$13.6 million in capital projects and system improvements.

This increase is not the result of routine operating growth alone. It reflects the County's continued investment in utility infrastructure to support system reliability, long-term capacity, and continued growth throughout Houston County. These projects are being funded through a planned use of available unrestricted net position, allowing the County to address major infrastructure needs while maintaining ongoing utility operations.

Expenditures by Department

Department	FY2026	FY2027	% Change
Solid Waste Collection	6,575,446	6,869,638	4%
Solid Waste Disposal	15,746,095	17,031,993	8%
Closure Post Closure	1,273,378	1,333,897	5%

Notable decreases/increases include:

The FY2027 Solid Waste Fund reflects an 8% increase as Houston County continues to strengthen both solid waste collection services and long-term landfill operations. A major driver of this increase is the County’s solid waste collection contract with Ryland Environmental, which provides enhanced service levels and includes new collection options for customers.

The FY2027 budget also reflects continued investment in landfill-related capital needs, including planned equipment, cell development, closure, and post-closure responsibilities. These investments help ensure the County can safely manage current landfill operations while also preparing for future environmental obligations.
