NOTICE

As of Monday, March 23, 2020, Advance Disposal, our solid waste collection contractor (curb-side garbage collection contractor), has suspended bulk waste (see definition below) pick up until further notice or until the CDC has lowered the risk level. We ask the residents to please bag all trash placed in containers, and we will only be picking up items in the containers provided. Yard waste and recycling services will remain as scheduled.

Bulk Waste: White goods (stoves, freezers, dishwashers, trash compactors, refrigerators, water tanks, washing machines, dryers, water heaters, air conditioners), and furniture. Other waste materials not included: (construction debris, dead animals, automobile parts, tires, hazardous waste or stable matter) with weights or volumes greater than those allowed for containers. (This item does not include yard waste.)
